

## **Chair Report on ISP Meeting 34**

**24<sup>th</sup> of February 2020**

ISP Meeting 34 was replaced by a workshop held in Brisbane. The Workshop on Nutrient Loads in Gladstone Harbour was novel for the ISP in that it brought many industry partners together with experts in a workshop format, with 29 participants in total. Expert opinion was gathered from varied backgrounds on nutrients in the harbour and potential links with habitats in the harbour.
